

PoaCure® SC delivers powerful pre- and post-emergent control of the most challenging grassy weeds — including annual bluegrass, roughstalk bluegrass, crabgrass, and goosegrass — across both cool- and warm-season turf.

Effective and reliable, it's built for golf course use — delivering control on greens, approaches, tees, fairways, and roughs.

PLAN YOUR POA MANAGEMENT NOW!

CA golf courses are subject to the CA mill assessment; the same discount applies.
